Expectations:

- Walk - A free, flat-footed, regular and unconstrained walk of moderate extension is required. The equine should walk energetically, but calmly, with an even and determined pace.
- Slow Trot/Jog: The equine should maintain impulsion while showing submission to the bit.
- Working Trot: This is a pace between the strong and slow trot. The equine should go forward freely and straight; on a taut, but light rein.
- Strong or Extended Trot: This is a clear, but not excessive, increase in pace and lengthening of stride while remaining well balanced. Light contact to be maintained. Excessive speed will be penalized.

Grooming and clean equipment will be noted and will be considered in the Overall Reinsmanship scoring. Pivots should be steady continual motion with little or no movement in the pivot wheel.

All athletes will be subject to an equipment check prior to competing. If equipment, animal, or athlete is deemed unsafe they will be excused and NOT allowed to compete.

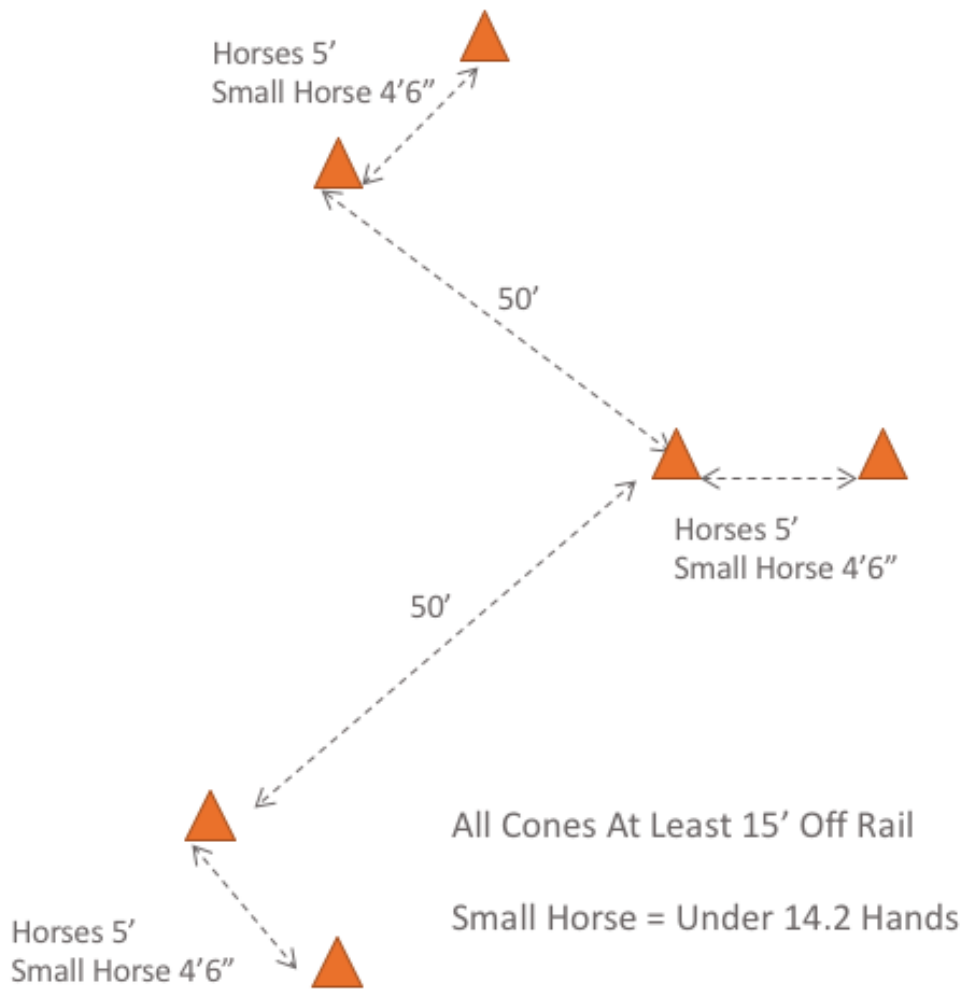

Horses are considered 14.2 hands and above
